

05.07.2020

We hope that you are all staying healthy and safe during the Coronavirus pandemic. We are very appreciative of you and the work you do for our Members. Our top priority is the safety of our employees and members.

To help minimize the spread of the virus, we are providing you with a personal protection kit. Inside each kit you will find instructions on proper use of the equipment provided. These instructions can also be found on our website by clicking on the link for “Caregiver Forms” and our trainers are available to provide additional education as needed. Please review the provided instructions so that you have a good understanding of how to properly use the equipment before using it. If you have any questions or concerns call your Supervisor or the Supervisor on Duty.

For you and our Member’s safety, we are *requiring* you to wear a mask while providing services until otherwise notified. This will help to minimize the spread of the virus and give better protection for you and your family.

Remember, the best way to prevent the spread of any disease is good handwashing!

Again, we appreciate you and all your hard work! You are an essential worker and on the front lines. That takes dedication and does not go unnoticed! Please reach out to the office if you have ANY questions or need further explanation about this letter.

Office hours 8:00 am – 4:30 pm call 602-795-7620
After hours contact 602-526-2195

We are here to help you!

Sincerely,
Home Assist Health
